## About Charwood Energy

Convinced that biomass is a key response to the challenges of the energy transition, Charwood Energy designs, installs and maintains tailored solutions for the production of biomass renewable energy.

With a wealth of technical know-how and expertise in all biomass recovery technologies - heating and heating networks, methanisation and pyrogasification - Charwood Energy generated revenue of €4.6 million in 2021 from its third-party activities and EBITDA of €1 million (23% of revenue).

Positioned since 2019 in the promising area of pyrogasification technology, Charwood Energy is now also involved in the development and operation of proprietary pyrogasification units aiming to produce and sell green gas, biochar and carbon credits to industrial customers under direct purchasing contracts.

The company is listed on Euronext Growth Paris (ISIN: FR001400AJ60, ticker: ALCWE) - Eligible for PEA PME equity savings plans - Certified as an "Innovative Company" by bpiFrance.
